Is this system being used with another Tempest900 and/or Tempest2400 wireless intercom system?

Yes No

If yes, please provide the network numbers currently being used: _____

Note: Failure to coordinate network numbers will result in poor system performance.

Any other notes or comments? _____

Important Information

Your customized Tempest-to-Go system configuration includes the following:

- All BeltStations will be paired to the BaseStation.
- All BeltStations and BaseStations will be stored with custom names (see above).
- All batteries will arrive charged.
- All equipment will be shipped together in their respective boxes unless an optional travel case has been purchased (Part No: PAC-TM-5CASE). Then, the equipment will be packaged together inside the case.

*Note: Setup and customization does **not** include 2-wire or 4-wire hardwire configuration, nulling, or user adjustments.*

Once completed, attach this form to the purchase order and mail, fax or email to Pliant Customer Service:
