

MICROCOM[®] **M**

WIRELESS INTERCOM FOR EVERY BUDGET

A world of new intercom possibilities now exists with MicroCom professional wireless intercom.

3.9 in. x 1.9 in.
(9.9 cm. x 4.8 cm.)

“MicroCom has enabled our Media Team to stay connected with each other during services. We could not ask for a better combination of quality, price, and ease of use.”

MATT TABOR

Campus Production Coordinator
First Baptist Opelika

Simple and affordable, MicroCom is an ideal intercom solution for applications where quality intercom wasn't previously a viable option. MicroCom delivers hands-free operation, high-quality audio, excellent range, and other needed key features while not breaking even modest budgets. Increased productivity, efficiencies, and more effective communication enable you to get the job done successfully and with less worry.

Simplicity, function and value are the core of the MicroCom M system. While simplicity makes MicroCom M a smart choice for less-technical users, price and performance make it an excellent alternative to two-way radios as well as a perfect fit for smaller houses of worship, videographers, corporate events, productions, school activities, and more.

- **Single Channel Operation**
- **Up to 5 Full-Duplex Users**
