

NEW!

MICROCOM[®]

XR HEADSET

ALL-IN-ONE

WIRELESS INTERCOM FOR EVERY BUDGET

The new MicroCom 900XR All-in-One wireless headset combines the proven performance of MicroCom XR beltpacks with the comfortable fit, exceptional noise isolation, and flip-up microphone muting technology of the SmartBoom[®] PRO headset, but without the wire. The MicroCom 900XR beltpack technology has been engineered to fit into the SmartBoom PRO headset.

Available in single-ear and dual-ear configurations, the wireless headset is lightweight and its adjustable all-in-one design allows for comfortable all-day use.

For those applications where budget and reliable performance are critical, MicroCom 900XR is a high-quality wireless intercom solution that delivers flexible user options, great sound, and superior range, all at an affordable price.

MICROCOM XR WIRELESS HEADSET 6+6 DROP-IN CHARGER

INDUSTRY'S FIRST!

Introducing the industry's first drop-in charger for an all-in-one headset design. This charger holds up to six individual headsets which can be placed on the charger without having to remove the battery or plug in a cord. The entire headset is simply placed on the charger for quick and efficient charging!

Users can also charge up to six additional batteries (sold separately) for simultaneous wireless headset and spare battery charging capabilities.

PBT-HSXRC-66

MIX AND MATCH FOR THE ULTIMATE FLEXIBILITY

The new MicroCom 900XR wireless All-in-One headsets can be combined with MicroCom 900XR beltpacks, traditional headsets, and receivers for a custom mix of beltpacks and All-in-One headsets to meet the needs of different applications and end users.
